Functionalising Surfaces

Friday 18 January 2019

Burlington House, Royal Society of Chemistry
Registration opens at 11.45am; the meeting will close at
6.30pm.

Invited Speakers

Jas Pal Badyal

(University of Durham)

***Scalable Functional Surfaces for Technological
and Societal Applications***

Steven de Feyter

(KU Leuven)

***Functionalization of Graphite and Graphene:
A Molecular Approach***

Mato Knez

(CIC nanoGUNE)

***Surface Functionalisation and Materials Engineering
by Atomic Layer Processing***

This half day symposium will consist of a combination of invited talks and oral/poster contributions from PhD students and PDRAs.

Lunch and refreshments will be provided.

Students and PDRAs wishing to present TALKS/POSTERS should email solsurfgroup_rsc@yahoo.co.uk with a title and abstract by Wednesday 12th December, 2018.

Registration (£35) for the meeting must be confirmed by Wednesday 9th January, 2019.
Please email solsurfgroup_rsc@yahoo.co.uk to register.
